## Organizational chart and processes

#### Nature and Extent of involvement of Faculty and students in academic affairs/improvements

At CMRIT, particular emphasis has been laid for a conducive environment that enables a solid foundation of knowledge, personality development, confidence building, intellectual acumen to excel in all pursuits, self-discipline and enhancement of creativity. Through proper motivation and drive, the young aspirants get well trained for the rigors of professional and social life. All students are encouraged to participate and engage themselves in extracurricular activities that make life vibrant and enjoyable as their inherent talents find multiple avenues for exposure. Fun creativity, competition, distinction, interactions with peer group and with others in the community, ultimately, reverberating in the value of their educational experience, is the criteria of all the extracurricular activities. Developing ties with prestigious Institutes of similar kind in India and abroad, visits by internationally acclaimed professionals to the Institute are some of the measures initiated to sustain and excel holistically. Specific features of an Institution of excellence have been identified to facilitate as benchmarks for all activities.

Faculty Involvement: The focus of the faculty members is on developing and strengthening technological awareness to perform in cutting edge ambience for logical thinking, problem solving, analysis, design, team work, communication skills and to gear up students for life -long learning. The teaching/learning is imparted using innovative techniques, interactive lectures, guided case studies, literature survey, regular lab assignments, project work and critical and creative thinking. As a pedagogical practice, starting from first year courses itself, students are required to explore, study, summarize, critique, validate and evaluate classical as well as current research literature published by eminent research publishers. The faculty facilitates learner-centric, active and collaborative learning. The well equipped laboratories provide sufficient practical knowledge for developing skills for utility and application in various general/professional contexts. Each Department lays down its respective ision, objectives and roles to shape the profile of the graduates. These are discussed, validated and converted into curricula and teaching practice to achieve the desired goals.

Student Involvement: Students have many Clubs and Professional Bodies and Chapters. The student chapters of the college strive to provide a climate that nurtures the holistic development of our students by enabling an environment that is trusting and spontaneous; and encourages flexibility, celebration and recognition. Several activities such as annual days cultural and technical fests, various events, parties, treks, outings and other spontaneous activities which demand and promote high levels of enthusiasm and team integration have been. Focusing on technical, literary, sports, and cultural competitive activities, apart from serving as a retreat from intense academic loads, these extracurricular activities provide a galore of opportunities to build confidence, ability to work in teams and a strong sense of belongingness in all aspects. A system of student feedback on faculty and his/her teaching is in place. The student feedback analysis is considered by the management as a yardstick for awarding appropriate points and implementing measures if any, for further improvement.

### Mechanism/ Norms and Procedure for democratic/ good Governance

This form of decentralized functioning mechanism, empowers the departments and individual faculty with a great level of flexibility in academic administration, and helps the faculty in making decisions at the base/local level.

The individual department has autonomy to develop and implement Student-centric & faculty-centric process file system / notices / attendance / monitoring / database management.

The staff council of the college is headed by the Principal and has got all the HODs, Deans, Directors as members to ensure proper implementation of the decisions and directions given.

The decisions taken are passed on to the Executive committee comprising Secretary, Treasurer and Principal of the institution. With suitable guidelines, the Executive committee authorizes the Planning and Monitoring Board of the college to find the ways and means for implementing the decisions taken.

The individual department has its freedom to organize various activities such as seminars, workshops, FDP's, STTPs etc;

Student's activities, Student associations, ISTE, Industry interaction can be done at department level. All the Departments have their own department libraries for the students, as well as for the staff members.

Secretary and Principal can jointly review any high value proposal and are empowered to take a decision in the interest of the college with the advice of the Chairman.

#### Student Feedback on Institutional Governance/ Faculty performance

Feedback regarding Faculty performance will be collected twice in a semester (first time – after one month from the commencement of semester, second time - one week before end of each semester). A consolidated report of student feedback will be placed before Academic committee/ Planning and Development Committee for discussion and future course of action.

A copy of empty feedback form is given below for information.

Best Practices adopted, if any		
Title of the	Career & Professional advancement	
Practice.		
	<ul> <li>To improve communication, analytical and presentation skills among the students.</li> <li>To improve the opportunities for student placements.</li> <li>To promote MOUs with industry.</li> <li>To prompt tie-ups with premier R&amp;D organizations both in private and public sector.</li> <li>To attend, participate and conduct relevant orientation courses, refresher courses, training programmes, technical conferences, workshops, seminars and symposiums in thrust areas.</li> <li>To strengthen the professional-calibre of the faculty.</li> <li>To encourage and incubate new ideas through promoting entrepreneurship development cum awareness cell.</li> <li>To enthuse faculty and students towards research.</li> <li>To establish centres of excellence in various departments to augment R&amp;D activity.</li> <li>To establish research centres in allied areas.</li> <li>To prepare &amp; submit research proposals to different private &amp; government funding agencies.</li> <li>To identify the new frontiers of research.</li> <li>To encourage students and faculty members towards doctoral programmes.</li> <li>To build-teams towards promoting consultancy &amp; extension activities.</li> <li>To inculcate quality research publications among academic community.</li> <li>To establish incubation facilities with state- of- art technology.</li> </ul>	
The Context.	<ul> <li>To establish incubation facilities with state- of- art technology.</li> <li>To enable access of latest R&amp;D trends in day-to-day class-rooms through discussion of various articles published in national and international conferences and journals for the benefit of students and faculty members towards professional career development</li> <li>The present mode of recruitment process includes the testing of student skills in the areas like analytical, verbal, presentation apart from the technical skills. Majority of the students though good in technical areas are observed to be lagging in the above skills because of various reasons, one among them being, their medium of instruction during their schooling. Exposure is provided in these skills by conducting various CRT activities through guest-lectures/seminars by experts from various organizations and industries.</li> <li>The need of the hour being, striving towards achieving engineering excellence with lateral thinking, creativity, innovation and noble thoughts to suit the contemporary global needs.</li> <li>The need of the society is to develop budding engineers having research mindset, ethical values and entrepreneurship skills. Institute makes it mandatory that the students &amp; the faculty members interact with experts from R&amp;D with focus on</li> </ul>	
The Practice.	social relevance and share the glory with other stakeholders. Awareness in R&D activities will help both, the students and the faculty members to update themselves in the areas of specialization and also receive global updates. R&D culture automatically improves the Teaching-Learning process resulting in academic excellence which inturn helps to secure admission in higher education, employment opportunities and succeed in competitive examinations.  • CMRIT introduced the culture of CRT among the students from the day of their admission into their respective courses of learning.  • The institute has a separate department with adequate faculty to provide training and placements to the students.  • It is mandatory to incorporate the CRT classes in the regular time-table from 2nd	

- year onwards.
- MOUs have been signed with various firms like COIGN, TRIUMPHANT SOLUTIONS, YGK Academy for providing CRT to the students and need-based training during placements.
- Full-time faculty members have been appointed to handle verbal, non-verbal courses and PDP to the students.
- State-of-the-art laboratory for training in advanced language skills has been established.
- It is a paramount task to enhance research culture among students & faculty. The institute is striving towards the promised task of R&D:
- Encourage faculty members to register for doctoral research programmes offered by premier universities in and around Hyderabad.
- In case of students of UG programme the R&D need is addressed through micro & mini projects.
- Students are encouraged to do their internships in industry and R&D Labs and towards non-credit mandatory certificate courses.
- Compulsory Technical Paper Presentation by all UG students and special incentives to the students by way of awards, rewards and token of recognitions.
- Anti-Plagiarism checks help student community to focus on first-hand information rather copying from other journals and articles.
- In case of PG students a publication of a paper in reputed journals on the results finding is made mandatory in order to secure award of degree.
- Project thesis is also subjected to Anti-Plagiarism check to the level of 20% bench mark.
- R&D practices of the institution are intimated to all stakeholders in all possible modes to understand the need of the hour.
- Eminent persons from related areas are invited to guide the faculty to write good research proposals.
- Institute, time to time, arranges visits of professors from surrounding premier universities to address the R&D needs of the students and the faculty members.
- Institute is committed to provide necessary infrastructural facilities in support of research activities.
- Management extends its cooperation to the faculty to present papers in international conferences/seminars across the globe and provides 50% travel grant and 100% registration fee along with incentives upto 10,000 rupees if they publish papers in IEEE/ACM/Scopus indexed journals.
- Institute bears all the publication expenses incurred by students/faculty members in case their publication is accepted in proceedings/special compendium/online/physical booklet with ISSN/ISBN numbers.
- Token of Recognition, Rewards, Awards, Incentives, Promotions and Increments are also assured by the institute for all the faculty members based on their commitment towards R&D activities.
- Institute sponsors long tenure FDPs, Workshops, Winter and Summer Schools.
- The experts from research organization like IIT, IIIT, DRDO, DRDL, BHEL, ISRO, and NFC have visited the institute and interacted with the faculty and students and made them aware about the various possibilities available for quality research.
- Eminent personalities from industries such as the TCS, Tech-Mahindra, Wipro, Infosys and IBM etc. have delivered lectures and shared their experiences with Faculty and students.
- Institute organizes national level technical paper presentation contest, project, poster competition, gaming and robotics competitions on yearly basis for students to showcase their R&D talents.
- Institute has its own EDC which organizes entrepreneurship development programs and awareness camps.

Evidence	of	1
Success.		• Students were placed in reputed companies with highest packages among the
		group.
		• Increase in students clearing the competitive exams for placements.
		Students clearing the qualifying exams for higher education.
		• Increased number of UG/PG students involved in R&D activity.
		• Increased number of Ph.D. Registrations in recent past.
		• Increased number of publications by students, faculty members and combination.
		• Submission of R&D proposals to AICTE, UGC, DST, DRDO etc.
		Sanction of Grants from AICTE/DRDO/DST.
		• ·Students/faculty involvement in real time problem solving.
		• Increased R&D infrastructure in the institution to augment professional & career
		advancement of both students and faculty members.
		• Publications with high impact factor and advanced metrics on R&D
		Publications.
		Setting up of Incubation Centre.
Problems.		• Lack of Communication and Presentation skills among the students, majority
		being from the rural background.
		• To add more qualified, diversified and experienced faculties in all departments.
		• Increase in internal and external funding resources to develop advanced research
		facilities and incubation centres.
		• Preparation of technically and financially viable and fundable R&D proposals.
		• Association with private and government R&D employees, along with premier
		educational institutes including IIT faculty members after their retirement as a
		CSR.
		• Exploring International collaboration in conducting
		conferences/seminars/workshops in the interest of stakeholders.
