Feedback Analysis and Action Taken Report based on feedback report

2018-2019

The Feedback Analysis Committee of the institution designs and collects feedback from its stakeholders to monitor and evaluate its performance quality on curriculum and curriculum related issues. The feedback forms were collected from students, Faculty, Employers, Alumni and Parents.

The feedback targets following different content for different stakeholders.

- For students, it addressed curriculum and its learning related issues in terms of quality, competence, skills and professionalism. This feedback also considers other issues like delivery of curriculum by Faculty.
- For Faculty, the feedback addressed issues like suitability of the course and its need base, outcomes of the curriculum, relationship with course content and corresponding reference material, availability of reference materials in terms with curriculum, evaluation methods and curriculum delivery, etc.
- For Employers, it addressed issues like general communication skills, developing solutions to real life problems, working in a team, creative challenges to challenges, organization skills, learning of new techniques, integration of technology for work as learn through the curriculum.
- For Alumni, it aimed for responses on adequateness of courses curriculum, sufficiency of syllabus content in context of current professional standards and curriculum design in context of development of self-directed learning and problem solving approach.
- For Parents, it had to say about the content of the syllabus as the topics covered are more in a particular semester. Parents want reduction in the portion so that the same can be covered in time by the faculty.

Principal

Principal

CMR INSTITUTE OF TECHNOLOGY
Kandlakoya (V), Medchal Road,
Hyderabad-501 401.

The feedback collected is analyzed and sent it to the respective authorities for the actions.

I: Feedback from Students

Feedback	Action taken	Impact
Content of syllabi needs enhancement in terms of quality	Formal instructions were circulated to through competent authority for addressing the issue of enrichment of content in the syllabus. All the teachers were notified about the issue and they were encouraged and enriched the curriculum with more appropriate teaching-learning methods and techniques.	Subsequent application by teachers was observed and efforts were effective.
Depth of the course content needs to be increased for achieving the expected Course Outcomes	Formal instructions were circulated to through competent authority for addressing the issue of attainment of COs & Pos. Teachers were informed to keep check on the attainment of course outcomes.	Teachers made students familiar with ideas of POs and COs and their expected outcomes.
Applicability/relevance of curriculum in real life situations can be increased	Formal instructions were circulated to all through competent authority for addressing the issue of applicability of the curriculum.	Teachers made efforts to relate the curriculum with real life situations.
students agree that the laboratory experiments enhanced the understanding of the concepts and enabled to relate theory to practice (Experiential Learning)	Additional Laboratory sessions for lab experiments are conducted to enhance their practical knowledge.	Teachers paid more attention to practical sessions and made their teaching more experiential.

II Feedback from Teachers:

Feedback	Action taken	Impact
Suggested that syllabi should be need based	Formal instructions were circulated to all through competent authority for addressing the issues suggested by the teachers through feedback	The details of the feedback were received by the head of Department and appropriate awareness was created
Teachers should have the freedom to adopt innovative techniques/strategies of teaching such as seminar presentations, group discussions etc	Formal instructions were circulated to all through competent authority for addressing the issues suggested by the teachers through feedback	The details of the feedback were received by the head of Department and appropriate awareness was created. Teachers were encouraged to adopt more innovative techniques and strategies for teaching.

III Feedback from Employers:

Feedback	Action Taken	Impact
Suggestion to enhance general communication skills	Formal instructions were circulated to all through competent authority for addressing the issues suggested by the employers. Teachers were given instructions to ensure enhancement of communication skills of the students.	Teachers incorporated stress on the issues of improvement of communication skills of the students in their teaching of curriculum
Students are very good at work individually and possess attributes for improvement in working as a team.	Duly noted and will ensure to sustain inn training students to the expectations of the industry	Teachers encouraged students to work in team and positive results of working in a team are visible.

Principal

Principal
CMR INSTITUTE OF TECHNOLOGY
Kandlakoya (V), Medchal Road,
Hyderabad-501 401.

IV Feedback from Alumni:

Feedback	Action taken	Impact
More exposure to field visits in curriculum	Formal instructions were circulated to all through competent authority for addressing the issue. All the teachers were notified about the issue and they were encourages to have more field visits as a part of their curriculum.	Teachers paid more attention to have more field visits and thus gave exposure to students for field visits.
Increased focus on soft skills training and courses with credit on soft skills can be of great help.	Courses on soft skill training, business communication skills, Quantitative Aptitude, Logical Reasoning and Verbal Ability are introduced in the new curriculum.	Teachers paid more attention to give more attention for Evidence based practical education

V Feedback from Parents:

Feedback	Action taken	Impact
Most of the parents were very much satisfied with wards discipline and set-up on the campus to encourage attitude.	The teaching learning eco-system has students towards enhancing their learning levels without deviating towards untoward incidents ensuring the wards discipline and attitude.	Student's ethical values as well as attitude are improved.
Students are made to be industry ready at the end of the program.	Students have undergone internships, field projects, field visits and carried out projects (micro, mini and major) at each level as a part of courses (course-end projects).	Campus placements gradually improving.

II Feedback from Teachers:

Feedback	Action taken	Impact
Suggested that syllabi should be need based	Formal instructions were circulated to all through competent authority for addressing the issues suggested by the teachers through feedback	The details of the feedback were received by the head of Department and appropriate awareness was created
Teachers should have the freedom to adopt innovative techniques/strategies of teaching such as seminar presentations, group discussions etc	Formal instructions were circulated to all through competent authority for addressing the issues suggested by the teachers through feedback	The details of the feedback were received by the head of Department and appropriate awareness was created. Teachers were encouraged to adopt more innovative techniques and strategies for teaching.

III Feedback from Employers:

Feedback	Action Taken	Impact
Suggestion to enhance general communication skills	Formal instructions were circulated to all through competent authority for addressing the issues suggested by the employers. Teachers were given instructions to ensure enhancement of communication skills of the students.	Teachers incorporated stress on the issues of improvement of communication skills of the students in their teaching of curriculum
Suggestion to promote work environment for team work	Formal instructions were circulated to all through competent authority for addressing the issues suggested by the employers. Teachers were given instructions to ensure promotion of work environment in the form of team work.	Teachers encouraged students to work in team and positive results of working in a team are visible.

IV Feedback from Alumni:

Feedback	Action taken	Impact
More exposure to field visits in curriculum	Formal instructions were circulated to all through competent authority for addressing the issue. All the teachers were notified about the issue and they were encourages to have more field visits as a part of their curriculum.	Teachers paid more attention to have more field visits and thus gave exposure to students for field visits.
Evidence based practical demonstration	Formal instructions were circulated to all through competent authority for addressing the issue.	Teachers paid more attention to give more attention for Evidence based practical education

V Feedback from Parents:

Feedback	Action taken	Impact
Most of the parents were very much satisfied with wards discipline and set-up on the campus to encourage attitude.	The teaching learning eco-system has students towards enhancing their learning levels without deviating towards untoward incidents ensuring the wards discipline and attitude.	Student's ethical values as well as attitude are improved.
Students are made to be industry ready at the end of the program.	Students have undergone internships, field projects, field visits and carried out projects (micro, mini and major) at each level as a part of courses (course-end projects).	Campus placements gradually improving.

Feedback Analysis and Action Taken Report based on feedback report

2020-2021

The Feedback Analysis Committee of the institution designs and collects feedback from its stakeholders to monitor and evaluate its performance quality on curriculum and curriculum related issues. The feedback forms were collected from students, Faculty, Employers, Alumni and Parents.

The feedback targets following different content for different stakeholders.

- For students, it addressed curriculum and its learning related issues in terms of quality, competence, skills and professionalism. This feedback also considers other issues like delivery of curriculum by Faculty.
- For Faculty, the feedback addressed issues like suitability of the course and its need base, outcomes of the curriculum, relationship with course content and corresponding reference material, availability of reference materials in terms with curriculum, evaluation methods and curriculum delivery, etc.
- For Employers, it addressed issues like general communication skills, developing solutions to real life problems, working in a team, creative challenges to challenges, organization skills, learning of new techniques, integration of technology for work as learn through the curriculum.
- For Alumni, it aimed for responses on adequateness of courses curriculum, sufficiency of syllabus content in context of current professional standards and curriculum design in context of development of self-directed learning and problem solving approach.
- For Parents, it had to say about the content of the syllabus as the topics covered are more in a particular semester. Parents want reduction in the portion so that the same can be covered in time by the faculty.

The feedback collected is analyzed and sent it to the respective authorities for the actions.

I: Feedback from Students

Feedback	Action taken	Impact
Feedback concluded that the units in the syllabus are properly sequenced from the majority view. students agree that the syllabus enables students to improve their ability to formulate, analyze and solve problems.	Students are encouraged to lead various Club activities for technical & non-technical to enhance their Leadership qualities and improve communication Skills.	Technical Clubs are enhanced with various technical activities.
Depth of the course content needs to be increased for achieving the expected Course Outcomes	Formal instructions were circulated to through competent authority for addressing the issue of attainment of COs & Pos. Teachers were informed to keep check on the attainment of course outcomes.	Teachers made students familiar with ideas of POs and COs and their expected outcomes.
Applicability/relevance of curriculum in real life situations can be increased	Formal instructions were circulated to all through competent authority for addressing the issue of applicability of the curriculum.	Teachers made efforts to relate the curriculum with real life situations.
More practical training sessions are desired by the students	Formal instructions were circulated to all through competent authority for addressing the issue of increasing practical training sessions.	Teachers paid more attention to practical sessions and made their teaching more experiential.

II Feedback from Teachers:

Feedback	Action taken	Impact
Suggested that syllabi should be need based	Formal instructions were circulated to all through competent authority for addressing the issues suggested by the teachers through feedback	The details of the feedback were received by the head of Department and appropriate awareness was created
Registration fees/ travel grants for participation in conferences/ seminar organized by institution of national values.	Institution provides registration fees on need basis.	Teachers happy to work in this environment and improve their self growth.

III Feedback from Employers:

Feedback	Action Taken	Impact
Suggestion to enhance general communication skills	Formal instructions were circulated to all through competent authority for addressing the issues suggested by the employers. Teachers were given instructions to ensure enhancement of communication skills of the students.	Teachers incorporated stress on the issues of improvement of communication skills of the students in their teaching of curriculum
To promote work environment for better team work.	A strong rubric was designed to assess the team work in student's project works.	Better improvement in team participative behavior of students.
