Food Distribution to the Needy (NSS Day Celebrations)

This happened on 24th September 2020 on the account of NSS Day. As we all know how covid-19 has drastically changed everyone's life. The ongoing nationwide lockdown by the government in the wake of COVID-19 pandemic has hit the poor and daily wage laborers the most as they struggle to make ends meet. With work completely drying up, these migrant workers are left with almost no savings or ration to survive this dire situation. To help the needy during this crucial time, our NSS volunteers took a huge step by distributing food to the needy in their nearby places.

ECO GANESH 2020

“BE THE CHANGE YOU WANT TO SEE”

This was held virtually on 23rd August 2020, considering the covid-19 situation.

Ganesh Chaturthi is a festival which is celebrated all over India to worship Lord Ganesh, is becoming more eco-friendly nowadays. Generally, Ganesh murtis are made of Plaster of Paris, are immersed in water after Ganesh Chaturthi, which harms the water bodies. Many of the people are practicing the eco-friendly Idol during Ganesh Chaturthi.

Being responsible citizens we can accomplish something for our environment Plaster of Paris is non-biodegradable made of poisons and unsafe colors and it severely pollutes the sea-going life and water bodies. To spare and secure our nature, we should hold hands and do our bit, and go for eco-friendly items.

MASKS AND SANITIZERS DISTRIBUTION

This social work was done by our NSS Volunteers during the pandemic on 28TH June 2020. As we all know that the covid-19 pandemic is a major threat to global health and the economy, the full impact of which is yet unknown. But this pandemic cannot be controlled by the government alone. It needs the participation and passion of all the people in our country.

The CMRIT NSS cell Volunteers did their part by distributing masks and sanitizers as virtual mode at their home near by places helping people giving awareness.
