REPORT ON NATIONAL GIRL CHILD DAY-2022

The National Girl Child Day is celebrated in India every year on January 24th. It was initiated in 2008 by the Ministry of Women and Child Development, Government of India. Celebrated every year to raise the consciousness of society toward the girl child so that she can be valued and respected.

The NSS UNIT of CMRIT has celebrated online as the possibilities for an offline event were less due to the pandemic. The main motto behind conducting this event by NSS was to raise awareness against the injustice done to a girl child in society and to promote awareness about the inequalities that a girl child faces. Interesting is that competition was conducted among the lecturers of CMRIT wherein they asked to write a few lines about their girl child on “*HOW WONDERFUL THE LIFE HAS BECOME AFTER HAVING A DAUGHTER*” along with some pictures of their children.

There was huge participation by the lecturers and little notes about the children. On the other side, there was another competition conducted among the students where they could express their views or ideas on a girl child by creating a poster or a drawing. The competition gave an idea to save a girl from injustice happening to her and protect her. Some of the NSS volunteers came in front and created a poster that visualized the support, care, freedom, and respect they were availing from their parents.

About NSD:

National Science Day is celebrated in India on 28 February each year to mark the discovery of the Raman effect by Indian physicist Sir C. V. Raman on 28 February 1928. For his discovery, Sir C.V. Raman was awarded the Nobel Prize in Physics in 1930.

In 1986, the National Council for Science and Technology Communication (NCSTC) asked the Government of India to designate February 28 as National Science Day. The event is now celebrated all over India in schools, colleges, universities and other academic, scientific, technical, medical and research institutions. On the occasion of the first NSD (National Science Day)(26 February 2020) NCSTC announced the institution of the National Science Popularization awards for recognizing outstanding efforts in the area of science and communication.

National Science Day is celebrated in India every year on 28 February. The celebration also includes public speeches, radio, TV, science movies, science exhibitions based on themes and concepts, debates, quiz competitions, lectures, science model exhibitions and many more activities.

National Science Day is celebrated to spread a message about the importance of science used in the daily life of the people.

- To display all the activities, efforts and achievements in the field of science for human welfare
- It is celebrated to discuss all the issues and implement new technologies for the development in the field of science.
- To give an opportunity to the scientific minded citizens in India
- To encourage the people as well as popularize science and technology.

The NSS Unit of CMR Institute of Technology celebrated the UGADHI CELEBRATIONS event on 1st April 2022. Ugadi known as Samvatsaradi is a New Year day according to the Hindu calendar. It is celebrated in Telangana, Andhra Pradesh, and Karnataka in India. All students and staff supported the cultural spirit of the new year with the beginning of Ugadi pachadi. The NSS unit encouraged the students in preparing the pachadi.

Our director sir, principal sir, HODs, and faculty were happy with the event in the distribution of Ugadi pachadi and making them spiritual by the students. Program officers and students participated with great enthusiasm to create awareness among the students of CMR Institute of Technology. Nearly 20+ students participated in organizing the event.

REPORT ON MOTHER'S DAY-2022

Mother's Day is a celebration honoring the mother of the family or individual, as well as motherhood, maternal bonds, and the influence of mothers in society.

On occasion, International Mother's Day, the NSS UNIT of CMRIT has initiated to celebrate the day with gratitude and love towards the faculty for considering them as second mothers in our life. They always enlighten the student's minds with knowledge and always love unconditionally. To surprise them, the NSS volunteers designed hand-made greetings for all the teaching and non-teaching staff under the guidance of CMRIT NSS program Officer Mr. G. Nandha Gopal and NSS Coordinator Ms. O. Nikhila. We presented them with a greeting card and flower by showing love from the bottom of our hearts.

We greeted them in the short lines, "We respect you as a woman, we love you as a motherly figure. Thank you for everything you have done for us". All the volunteers were appreciated by the Director M. Janga Reddy, Principal Dr.B.Satyanarayana and HODs.

We are born of love; Love is our mother.

REPORT ON ILLUMINATE-2K19

On the 18th of April, 2019, the CMR Institute of Technology in Hyderabad hosted a national-level student technical fest known as "Illuminate - 2K19." The campus was adorned with a celebratory atmosphere as approximately 900 students from 40 different colleges enthusiastically participated in a wide array of engaging technical and non-technical events held throughout the day.

"Illuminate-2K19" served as an excellent platform for students to showcase their skills and compete for victory. The technical events included activities such as paper presentations, poster presentations, project exhibitions, technical quizzes, and coding competitions. Meanwhile, the non-technical events encompassed diverse activities such as rangoli, face painting, mehndi design, short film creation, photography contests, treasure hunts, and gaming, among others. Student coordinators and faculty coordinators were designated to coordinate the event.

To promote this grand event, a spirited flash mob performance was organized by our students on the 16th of April, 2019. Refreshment stalls, beverage stands, food vendors, and fun games were also set up to enhance the overall experience for attendees.

Furthermore, there were special events tailored for MBA graduates, including ad-making competitions, business proposal presentations, jam sessions, business skills assessments, young manager challenges, brainstorming sessions, and team-building activities. Cash prizes were awarded to the top performers in various technical events.

Distinguished personalities graced the occasion, including Dr. Ch. Gopal Reddy, Secretary & Correspondent of the CMR Group of Institutions, Dr. M. Janga Reddy, Director of CMRIT, Dr. B. Satyanarayana, Principal of CMRIT, and Prof. P. Pavan Kumar, the Convenor of "Illuminate 2K19." Heads of various departments, deans, and faculty members were also in attendance. They all encouraged the students to be proactive in all aspects of life and to strive for excellence in their respective professional endeavors.
