Centre of Excellence in Full Stack

The Centre of Excellence in Full Stack in CMR institute of Technology, Hyderabad has been set up in March 2022 in recognition of the increasing importance of the role of Full Stack development. In addition, the Centre of Excellence promotes innovation, research, and industry collaboration in the field of full stack technologies. It provides a platform for students to work on real-world projects, participate in hackathons, internships, and industry-mentored development programs. The Centre also encourages faculty development, startup incubation, and interdisciplinary project work by integrating emerging technologies such as cloud computing, DevOps, artificial intelligence, and microservices architecture. By fostering practical knowledge, problem-solving skills, and entrepreneurial thinking, the Centre aims to create industry-ready professionals capable of contributing effectively to the rapidly evolving software and IT ecosystem.

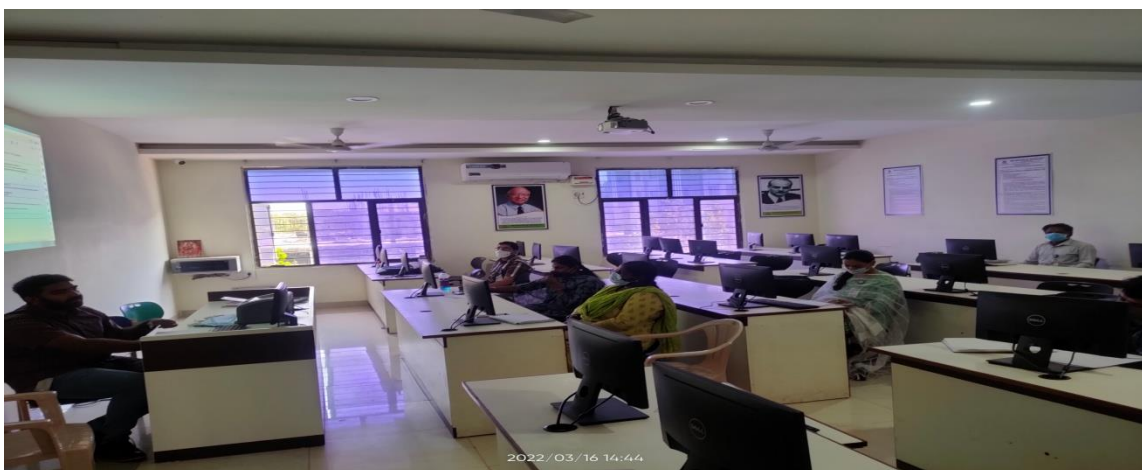

Center head: Dr. Jaya Shree, Associate Professor, CMRIT

Faculty Members: 1) Mr. Shiva, Assistant Professor
